INTRO

OMKVÆD 1 (samme tekst gentages hvert omkvæd)

I am my mother's savage daughter
the one who runs barefoot cursing sharp stones
I am my mother's savage daughter
I will not cut my hair, I will not lower my voice

VERS 1

My mother's child is a savage
She looks for her omens in the colors of stones
In the faces of cats, in the fall of feathers
In the dancing of fire and the curve of old bones

OMKVÆD 2

BRO 1

VERS 2

My mother's child dances in darkness
And sings heathen songs by the light of the moon
And watches the stars and renames the planets
And dreams she can reach them with a song and a broom

OMKVÆD 3

BRO 2

VERS 3

We all are brought forth out of darkness and water
Brought into this world through blood and through pain
And deep in our bones, the old songs are waking
So sing them with voices of thunder and rain
